KENNAMETAL®

Top Notch™ Grooving

Buy 10 Inserts, and Get a Free Toolholder

DEAL

Receive maximum productivity by combining the Top Notch grooving system with Kennametal's Beyond™ grades!

Returns not permitted on promotional transactions.

OFFER VALID UNTIL: June 30, 2015

Features and Benefits

- The Beyond PVD coated grades are designed to cut a variety of workpiece materials.
- Rigid clamping securely locks insert in place through the toughest cuts.
- Versatile design enables one system to handle O.D. and I.D. grooving, face grooving, back turning, undercutting, and even threading operations.
- Chip control inserts provide excellent chip evacuation in grooving, and offer better chip control in multidirectional turning.
- Available grades: KCU10, KCU25, and K313.

For more details, please refer to our Kennametal Innovations Master Catalog Cutting Tools 2013 (A-11-02679).
